

## Gummits 6.0

### Vervolgens ga je naar classificatie

Omaha werkt met een Wizard, steeds de opdrachten volgen en op volgende bladen

Al ziet op dit schema meer klanten maar het privacy even gedacht...

Kruis maken (kuntje 1 selecteren, je kunt er meer selecteren)

The screenshot displays the Omaha System software interface. At the top, there is a navigation bar with the following items: Home, Log in, Sign up, About, Contact, Help, and Documentation. Below the navigation bar is a search bar with the placeholder "Search". On the left side, there is a sidebar with a blue header containing the Omaha System logo and the text "Omaha System". The sidebar also includes a "Patient list" section with a table showing 1 row and 1 column, and a "Logout" button.

The main content area features a table titled "Omaha System". The table has 3 columns and 12 rows. The columns are labeled from left to right: "Item", "Status", and "Description". The rows represent different categories of symptoms:

Item	Status	Description
1. Fever	Normal	Temperature is not elevated.
2. Rash	Normal	There is no skin rash.
3. Diarrhea	Normal	Bowel movements are normal.
4. Vomiting	Normal	No vomiting is present.
5. Headache	Normal	No headache is present.
6. Cough	Normal	No cough is present.
7. Shortness of breath	Normal	No shortness of breath is present.
8. Chest pain	Normal	No chest pain is present.
9. Abdominal pain	Normal	No abdominal pain is present.
10. Nausea	Normal	No nausea is present.
11. Dizziness	Normal	No dizziness is present.

#### Geselecteerd Omgevingsenveloppe

Selecteer per gebied [opties kan je openen en sluiten]

The screenshot shows a software application window titled "Omaha System". The main area displays a hierarchical tree structure of medical symptoms. A specific category, "Vergeetbare symptomen", is selected and expanded, showing its sub-categories: "Lichaamsgevoel", "Geestelijke", "Emotionele", "Fysieke", and "Sociale".

The left side of the interface features a vertical toolbar with various icons for navigating through the system.

At the bottom, there is a navigation bar with buttons for "Home", "Help", "About", and "Exit".

On the right side, there is a status bar displaying "Aan" and "Dit item is niet beschikbaar".

The overall layout is clean and organized, designed for healthcare professionals to quickly access and manage symptom data.

## Gebieden voor infectiepreventie (andere gebieden)

Open dit veld, kun je invullen

Hilma volgt de saneringsring en kan je op vijfdeentwintig

The screenshot shows a software application window for the Omaha System. At the top, there's a blue header bar with the text "M 4 - D 22 - 12" and "Hilma". Below the header is a navigation menu with items like "Home", "Search", "List", and "Print".

The left side of the interface features a vertical sidebar with a tree view of medical terms under the heading "Omaha System". The tree structure includes categories like "Health Status", "Functional Capacity", "Problem", and "Treatment". Under "Treatment", several items are listed: "Medication", "Surgery", "Dietary or physical therapy", "Education", "Open-Ended or Other", "Home Health", and "Other".

The main content area contains a grid for entering patient data. The grid has columns for "Item", "Value", and "Comments". The rows represent different patients. The first row is for "Hilma" and is highlighted with a thick green border. The second row is for "Aab".

**Hilma Row (highlighted):**

Item	Value	Comments
Medication	Aspirin	Urgent prescription
Surgery	None	
Dietary or physical therapy	Normal diet	Normal weight
Education	None	
Open-Ended or Other	Medication	Urgent prescription
Home Health	None	
Other	None	

**Aab Row:**

Item	Value	Comments
Medication	None	
Surgery	None	
Dietary or physical therapy	Normal diet	Normal weight
Education	None	
Open-Ended or Other	Medication	Urgent prescription
Home Health	None	
Other	None	

At the bottom of the interface, there's a toolbar with various icons for file operations like Open, Save, Print, and Exit.

'Vervolgens komt de classificatie in het overzicht te staan, daar kan je dan op dubbel klikken om 'in te openen'

Als je dubbel hebt geklikt, opent dit scherm. Dit kan je bewerken en je kunt het rapport afdrukken (staat nu natuurlijk maar enig in omdat ik bijna niets heb ingevuld ☺)
